The Program Manager's Course (PMT 401)

- Traditionally a 10-week, in-residence course for acquisition practitioners specially selected for their potential to lead major acquisition programs, IPTs, and major command divisions

- SSCF divides the course into multiple week sessions throughout the year and incorporates distance learning technologies to facilitate the case

The Program Manager's Course

Constructed around 8 overarching themes involving primarily case studies of real life acquisition-related challenges and dilemmas that provide each learner the opportunity to practice:

- Leading a program in a rapidly changing environment**
- Leading program management operations in different acquisition phases**
- Working effectively with higher headquarters**
- Working effectively with industry**
- Achieving and maintaining excellent customer relations**
- Applying appropriate tools for the evolving information environment**
- Working effectively with external organizations**
- Leading joint and international programs**

Capitol Hill Workshop

- Overview of the U.S. Congress, the legislative process, public policy issues with an in-depth analysis of Congressional politics, decision-making, and their implications to the nation
- Fellows discuss current issues of interest with political experts and leading authorities

Looking Glass Workshop

- Large scale management simulation licensed from the Center for Creative Leadership (CCL) in Greensboro, North Carolina
- Offers managers a mirror with which they can see a reflection of

National Security Module

- **Promotes the development of Fellows as strategic thinkers and national security policy makers through a comprehensive analysis of the myriad of variables that impact and effect national security policy**
- **Crucial objective of this course is to enable the Fellows to effectively operate at the strategic level of crafting policies and deciding why one policy is more likely to safeguard the nation's security than another policy**
- **Fellows develop the skills to be able to select and integrate a wide range of policy decisions across diverse content areas such as domestic and**

Guest Speaker Program

- US Govt
 - Academia
 - Corporate
- America

Guest Speakers

Frank J. Anderson, Jr.
